Part I, Ln 7 Col(f):

The Bad Debt expense included on Form 990, Part IX, Line 25, Column (A), but subtracted for purposes of calculating the percentage in this column is \$2,732,229.

Part II, Community Building Activities:

Line 2: Moab Regional Hospital is a member of the Moab Chamber of Commerce, and hosts an annual luncheon at the hospital to support local business development and collaboration.

Line 6: The Moab Regional Hospital Community Relations Director participates in the Moab Community Action Coalition. This coalition primarily focuses on utilizing community resources and organizational collaboration to reduce youth alcohol and substance misuse.

Line 9:

A. Participation in "Reality Town" at Grand County Middle School: Reality Town is designed to teach middle school students about the expenses of real life by assigning jobs and salaries based on GPA, and then letting students attempt to live in "Reality Town" where there are a variety of booths that reflect real world needs like housing, insurance, healthcare, clothing, groceries, and transportation. Students draw a card at each booth that gives them a scenario, and at the MRH booth that scenario is centered around teaching the impact of having health insurance, and the card might read, "You just broke your leg, pay \$50 with insurance or \$500 without insurance to emergency room". The student then writes out a check for the amount due, and balances their check book to see the financial

**Part VI** Supplemental Information (Continuation)

impact. Students with a high GPA may have a job that provides insurance or may have an income high enough to purchase insurance. Students with lower GPA's quickly see how low-earning jobs often don't provide for real-world needs. The Hospital does not track the expenses related to this event.

Part III, Line 2:

Bad debt expense on line 2 is reported at charges.

Part III, Line 3:

The Hospital determined the estimated amount of bad debt attributable to patients eligible for charity care by reviewing their records for the percentage of patients that would have been eligible had they completed the financial assistance process. The Hospital estimated 25% of its bad debts would have qualified.

Part III, Line 4:

Part III, Line 8:

Services are provided to patients under the Medicare program knowing that not all costs associated with providing these services will be recovered. Providing these services is essential to these patients and the community and increases their access to healthcare services. Therefore, the entire Medicare shortfall is considered a community benefit.

forth by Centers for Medicare and Medicaid Services.

## Part III, Line 9b:

It is the policy of Moab Regional Hospital to utilize a collection agency as a resource for collecting bad debt. All patients will receive a monthly statement regarding any open balances on their accounts. The patient will receive two statements approximately 30 days apart. The third statement at 90 days will be stamped FINAL NOTICE. At 120 days after the first billing if the open balance has not been addressed by the patient these accounts will be forwarded on to the collection agency for additional action. i.e. accruing interest, garnishing of wages and legal action if necessary. If at any time during the collection actions the collection agency determines the patient would be potentially eligible for financial assistance, the agency will encourage the patient to contact the Hospital to apply for financial assistance. Once the patient contacts the Hospital, the account is immediately moved to "applying for assistance" status and no further collection actions are taken. The patient then has an additional 120 days to complete the financial assistance application. If the individual receives discounted care, the remaining self-pay portion is moved to an interest-free monthly payment plan. If after six months there are no further payments made the Hospital contacts the patient to determine if the patient needs to lower their monthly payment and increase the payment timeline.

## Part VI, Line 2:

The health care needs of the community have been assessed through evaluation of available health data, with questionnaires mailed to a random selection of community members, and through focus groups with

**Part VI** Supplemental Information (Continuation)

health professionals, seniors, community leaders, people connected with children, and multicultural groups that was conducted by an outside agency. The resulting data is used in the hospital's short and long-range planning activities. Feedback from physicians, nurses, other hospital staff members and patients is also reviewed, catalogued, and used in planning activities. In 2013 a Community Health Needs Assessment was conducted and made available on the website.

## Part VI, Line 3:

The hospital posts its charity care policy, or a summary thereof, and financial assistance contact information in admissions areas, emergency rooms, and other areas of the organization's facilities in which eligible patients are likely to be present. It also provides a copy of the policy, or a summary thereof, and financial assistance contact information in its admission packet as part of the intake process. A copy of the policy, or a summary thereof, and financial assistance contact information to patients are also included with discharge materials. Assigned hospital staff also discusses with the patient the availability of various government benefits, such as Medicaid or state programs, and assists the patient with qualification for such programs, as applicable.

## Part VI, Line 4:

The hospital's defined service area extends out approximately 70 miles in all directions capturing a service area population of approximately 16,350. The entire service area is rural or frontier in nature. It includes the settlements of Moab (7,500), Green River (1,500), Thompson (100), La Sal (250), Monticello (3,000), and Blanding (4,000). Most all of these communities have agriculture, mining, or tourism as a primary

**Part VI** Supplemental Information (Continuation)

economic base. Small hospitals serve Monticello and Blanding, but major surgical and ancillary services are provided in Moab. The larger communities in Colorado - Cortez and Grand Junction - offer secondary care hospitals, but are 100+ miles away from any of the communities described. Grand County is primarily driven by a strong outdoor recreation-based tourism industry. Although local tourist attractions draw a steady influx of visitors of over 2+ million annually and generate substantial local revenues, Grand County's rural location and low industrial diversity has impeded the development of major growth drivers outside of tourism. Unemployment in the County exceeds Utah and U.S. level, and the lack of high paying industries corresponds to below average household income levels. The median age of Grand County's population is 39.4 years compared with Utah's population at 29.5 years and the U.S. figure of 36.8 years. Annual average household income for Grand County is \$50,331, compared with \$68,450 and \$67,315 for Utah and the U.S. respectively. Approximately 32% of the County's households' income levels fall under \$25,000 threshold. Educationally, 29.9% are high school graduates, 30.3% have completed Associates degrees, and 14.7% hold Bachelor's degrees with 8.3 having earned advanced degrees at the Masters or Ph.D. levels. Approximately 33.5% of the hospital's patient mix is Medicare with 13.6% covered by the Medicaid program.

Part VI, Line 5:

The hospital's governing body is comprised exclusively of citizens residing in Moab, most of whom have been residents for decades. The members bring an excellent mix of skills and experiences to the Board that well serve the needs of the hospital - retired Health Department administrator, Grand County School District administrator, two Physicians,

**Part VI** Supplemental Information (Continuation)

and three business owners. The hospital extends membership and, accordingly, medical staff privileges to all qualified physicians in the community who qualify for membership. The hospital is also an equal employment opportunity employer. Excess funds from operations are applied to educational programs designed to address specific needs of the community such as teenage drinking, teenage pregnancy, and overall mental health.

The hospital offers an infusion therapy program for cancer victims mitigating the need for the patient to travel a minimum of three hours (round trip) for chemo treatment. Emergency room services are available to all regardless of ability to pay. The hospital serves as a site for the clinical training of nurses, and residents in family medicine and general and orthopedic surgery needing to complete a rural rotation. The hospital is a sole community provider with the nearest (smaller) hospital approximately 55 miles away. The hospital's food services director/dietician and select nursing and administrative personnel are very active in multiple community initiatives to address childhood obesity, mental health, teen pregnancy, and diabetes prevention. The hospital also sponsors or hosts health fairs, blood drives, and community initiatives focusing on specific community needs. The hospital was also instrumental in the organization and initial support of the community's Free Health Clinic for uninsured and indigent people.

Medical Tent at Moab Half Marathon: Each year 5000+ out-of-town runners visit Moab to participate in the "Canyonlands Half Marathon" in the spring and "The Other Half" in the autumn, as well as the female-only "Thelma & Louise Half Marathon" in June. Located at the finish line of each race,

**Part VI** Supplemental Information (Continuation)

the medical tents are staffed by Emergency Department physician and nurses who are available to attend to a variety of medical needs, from dehydration to blisters. Nurses are also stationed along the last part of the race course to look for runners who may experience cardiac events near the finish line as they push themselves to finish the race. By addressing many of the issues at the finish line of these races, it has kept the MRH emergency room from becoming overwhelmed.

Community Health Fair: Moab is an isolated rural community located over 100 miles away from a major city. As such, many people don't have easy access to health information and providers not located in our small town. In February 2014, Moab Regional Hospital provided a health fair that brought together a variety of health providers from around the region to set up booths and provide information to community members who attended. Low cost blood draws and screening tests were offered the month prior to the health fair, and approximately 400 community members participated in the low cost blood draw opportunity and attended the event.

Skinny Tire Festival and Century Tour Aid Station: Skinny Tire Events organized several long-distance bike events to raise money for cancer research and cancer survivorship programs. Moab Regional Hospital set up aid stations where bikers could re-fuel on food and water and address any medical or mechanical issues.

Educational Health Events: Moab Regional Hospital hosted a free "Dinner with a Doc" to educate the community about Parkinson's and Alzheimer diseases. MRH teamed with a few local organizations to sponsor a free community movie screening on alcohol and substance abuse. MRH also joined

**Part VI** Supplemental Information (Continuation)

with the Moab Free Health Clinic to host an insurance workshop on Open Enrollment options and insurance under the Affordable Care Act.

Additionally, MRH hosted a 4-class community education course on Diabetes management. MRH staffed a booth at the Moab Pride festival and distributed educational materials on LGBTQ health topics. The hospital also works with the local afterschool program to offer a "Career Day" educational session on healthy lifestyle choices and working in healthcare.

**Breast Cancer Awareness:** Moab Regional Hospital provided low-cost mammography vouchers during the month of October to uninsured women who did not qualify for the Health Department's mammography voucher program. MRH also sponsored a mammography awareness campaign in the local papers, as well as two month-long community breast cancer awareness events that were attended by over 250+ community members.

**Volunteers at Events:** Moab Regional Hospital provides volunteers at a variety of local community events.

**Moab Community Action Coalition:** Moab Regional Hospital Community Relations Director participates on this coalition that primarily focuses on reduction of drug and alcohol misuse and teen pregnancy.

Form 990, Part I, Line 1, Description of Organization Mission:

promotes wellness to all we serve.

Form 990, Part III, Line 4a, Program Service Accomplishments:

the nearest tertiary hospital is over 100 miles away, making Moab Regional a key component to the health and well-being of the 9,322 Grand County residents who call the region home and the 2+ million annual visitors to the region. All of the hospital's 17 acute care beds are also licensed as swing beds. The Emergency Department is very busy due to the extreme nature of the recreational activities Moab is known for, as is the orthopedic department that can accommodate most injuries and elective procedures locally.

Form 990, Part III, Line 4d, Other Program Services:

Moab Regional's physical plant includes an Infusion Therapy Service. Under the direction of local chemotherapy certified nurses, and with oversight by visiting oncologists from Grand Junction Colorado, local and regional cancer patients are spared the difficult experience of having to drive two to four hours one way to a large hospital for their chemotherapy and other intravenous treatments. This also allows them to stay in their own homes when receiving therapy. The community has lauded this service as a most welcome addition to the hospital's services. Pharmacy and other support services have made this program viable if not profitable.

Expenses \$ 62. including grants of \$ 0. Revenue \$ 387,713.

The annual deliberation and decision process is substantiated.
