

Medical Technologist with Microbiology at Moab Regional Hospital

Moab Regional Hospital is seeking one Medical Technologist (MT) with Microbiology to join our team. As a Med Tech for Moab Regional Hospital, you will be responsible for providing accurate and timely test results that will help providers determine patient care needs. The right candidate is a strong Generalist with Microbiology Reading experience who is a willing and capable phlebotomist when needed. Due to the rural location of MRH, our ideal candidate must possess a comprehensive range of laboratory knowledge and skills, and be able to adapt and learn new skills without hesitation. This position will call on your ability to respond quickly and accurately in a wide variety of situations. Whether you are gathering samples, performing analysis, or delivering test results, you'll be continually challenged to innovate and invent. This is an excellent opportunity for someone looking to expand their laboratory skills. The schedule is anticipated to be 09:00-19:30, four consecutive weekday shifts, though the schedule may change with advanced notice. This position includes a \$10,000.00 signing/relocation bonus with three (3) year service requirement.

What makes Moab Regional Hospital a great place to work?

- Insurance and Retirement Benefits
- Predictable Schedules
- Collaborative and Supportive Workplace
- Continuing Education, Trainings, and Tuition Assistance
- Professional Growth Opportunities

Our people make the difference. We promote from within and support our staff as they build careers in healthcare and related fields. Our administration, medical staff, and clinical and non-clinical staff work closely together to foster a low-stress work environment and a positive work-life balance so that you can enjoy all that the Moab area has to offer.

Qualifications, Background, and Experience

- Current ASCP Certification
- Ability to read microbiology results a must
- Must be willing and able to perform venous and arterial blood collection
- Must have prior experience with microbiology, hematology, chemistry, blood banking, coagulation, urinalysis, serology, and blood gases
- A positive contributor to interpersonal interactions within the laboratory and MRH
- Willingness to modify schedule to help accommodate time off requests
- Must be reliable, punctual, emotionally mature and possess a positive attitude
- Excellent customer service and communication skills (oral, written, and listening)
- Ability to work in a confidential manner
- Must possess high levels of self-motivation and management
- Must be flexible and accept other responsibilities that may be assigned
- Must be willing to relocate to Moab
