

Nurse Manager for the Perinatal Department

Moab Regional Hospital is seeking qualified candidates to fill the Perinatal Nurse Manager position. Moab Regional Hospital provides the community with a rural obstetric service with approximately 80-100 birth per year. This nurse is primarily responsible for the intrapartum, postpartum, and newborn departments. The responsibilities include but are not limited to the following:

- Management of 4-5 intrapartum nurses
- Flexibility in scheduling and willingness to take one weekend of intrapartum nurse call.
- Director of departmental collaboration with family practice obstetric physicians
- Coordination of education and training of intrapartum nurses
- Supervision of newborn screening programs
- Supervision of lactation education of staff and patient lactation support
- Management of community relations and childbirth education
- Works hand-in-hand with the Med/Surgical Nurse Manager and nurse educator with staff development of maternal newborn nurses.

Our ideal candidate is a dynamic leader with a passion for clear communication and employee-led problem solving. Individuals with excellent self-management who enjoy autonomy will thrive in this roll. This position involves rotating Nurse Manager on-call responsibilities. This is a full-time, year-round, salaried position (40+ hours/week) that generally works office hours; and takes a minimum of one weekend of intrapartum call per month.

What makes Moab Regional Hospital a great place to work?

- Wide range of benefits, including insurance, retirement, and paid time off
- Collaborative and supportive workplace
- Professional growth opportunities including continuing education, trainings, and more!

Our people make the difference. We promote from within and support our staff as they build careers in healthcare. Our employees are energetic, collaborative, and passionate about serving our community. You can enjoy steady work and still have plenty of time to enjoy all that the Moab area has to offer.

Minimum Qualifications

- Current, unencumbered Utah RN license (or compact state) and graduate of an accredited nursing school.
- Intermediate Fetal Monitoring Certification.
- Neonatal Resuscitation Program Certification.
- At least 1-year clinical RN experience in Intrapartum and/or Maternal Newborn Care.
- Ability to think and act independently in stressful situations.
- Proven record of building strong, professional relationships with physicians.
- Build, maintain, and lead a cohesive department in a positive and effective manner. Provide effective employee evaluations, disciplinary responses, trainings, orientations, and other staff development needs.
- BLS certification, required. ACLS certification, preferred.
- Able and willing to provide monthly and annual financial oversight and planning.
- Provide oversight for departmental inventories, equipment, and paperwork.
- Provide education to outside entities, including the community.
- Actively participate in and drive outcomes related to departmental performance improvement initiatives.
- Develop and maintain policies and procedures (inter- and intra-departmental).
- Able to lift/move up to 50 lbs. without assistance and lift/move weights beyond 50 lbs. with assistance.
- Ability to work in a confidential manner.
- Reliable and timely with work schedule.

From patient care to community wellness, Moab Regional Hospital serves as your portal to health.

- Flexible and willing to accept other duties as assigned.

Moab Regional Hospital is proud to be a Drug Free Workplace and EOE.
