

Med Tech with Microbiology

Med Techs at Moab Regional Hospital are responsible for providing accurate and timely test results that will help providers determine patient care needs. The right candidate is a strong generalist with microbiology reading experience who is a willing and capable phlebotomist when needed. Due to the rural location of MRH, our ideal candidate must possess a comprehensive range of laboratory knowledge and skills, and be able to adapt and learn new skills without hesitation. This position will call on your ability to respond quickly and accurately in a wide variety of situations. Whether you are gathering samples, performing analysis, or delivering test results, you'll be regularly challenged to innovate and invent. Once trained, this person will slot into a consistent schedule of three, 12 hour shifts Saturday, Sunday, and Monday. This position includes a generous signing bonus with service requirement.

What makes Moab Regional Hospital a great place to work
